

Learning Needs Program

InterAmerican Academy recognizes that each student has unique abilities and interests as well as a different learning style. ***The Special Needs Program (Learning Support)*** was created at IAA to give every student the academic support needed to succeed at school. Across the year, the Learning Specialist supports students from Early Childhood to High School, with different learning styles by providing intervention and remediation; supports teachers in their efforts to advance students with different learning needs within the classroom; works with parents, students, and outside professionals in order to better support the student's special needs.

Services include:

- ★ Manage referrals by teachers, parents, school counselors or administrators.
- ★ Students observations and preliminary assessments.
- ★ Referrals to outside professionals and follow up as needed.
- ★ Elaboration of a Learning Plan according to students' needs.
- ★ Support teachers in the implementation of curriculum, teaching strategies, and assessments modifications.
